

## IMPORTANT INFORMATION – CHANGE OF VENUE

Due to an unfortunate fire at the ISCOM building which has damaged the conference area, we have had to relocate **ISSE 2006** to another venue in the city, so please make your way to this location.

The new conference venue is:

**Conference Centre SGM**  
**Via Portuense, 741**  
**00148 Roma**

This is a purpose-built conference venue which has all the facilities required for ISSE. The change in location will not impact on the conference programme and we are looking forward to holding a successful event there.

To reach the SGM from the ISCOM building you can take bus number **771** which goes from Via America (the road that runs along the front of the ISCOM building) and stops outside the Conference Centre SGM.

We apologise for any inconvenience that this late change in location may cause you.

- Bus frequency is 20 min.
- Get off to PORTUENSE/VILLA VECCHI stop
