EEMA Launches Speaker Panel Giving Members Greater Opportunity to Present at Major Conferences, Workshops and Briefings

BRUSSELS, 14th JUNE 2017 - EEMA, the leading independent not for profit, European think tank focusing on identification, authentication, privacy, risk management, cyber security, the Internet of Things and mobile applications, today launched its Speaker Panel. The new panel give members even greater opportunity to present at events hosted by EEMA and its partners.

There is a wealth of opportunity for EEMA Speaker Panel members to represent themselves and/or their organisation at seminars, workshops and High-Level Fireside Briefings, as well as the flagship EEMA Annual Conference and Information Security Solutions Europe (ISSE). The EEMA Speaker Panel is free to join for all current and new members and provides many additional value-added benefits including...

- Early invitations to speak at EEMA events and EEMA Partner events, workshops and conferences
- Public profile on the EEMA website
- Complimentary access to EEMA lounges at Conferences, where available
- Programme Committee participation, subject to availability, with discounted conference fees

Chair of EEMA, Jon Shamah states: “EEMA and its partners organise an extensive programme of events throughout Europe and we are always on the lookout for exceptional content delivered by engaging, inspiring and respected presenters. The Speaker Panel is the go-to resource for our event planning team when looking for high-calibre keynote speakers, panel debaters, event chairs and seminar hosts.”

EEMA’s 30th annual conference will be hosted by Microsoft and takes place in London on 4th and 5th July. It includes a programme of more than 50 expert speakers focusing on the theme of Privacy Vs
Identity – Opportunities and Challenges. ISSE takes place on 14th and 15th November in Brussels and the Call for Papers is currently open.

Annual EEMA memberships starts from €150 for individuals and €600 for organisations. For more information about EEMA membership visit: https://www.eema.org/membership/membershipbenefits-and-fees

To join the EEMA Speaker Panel, complete the online application form available at: https://www.eema.org/eema-speaker-panel-application-form/

About EEMA

Brussels-based EEMA, is the leading independent European think tank focussing on identification, authentication, privacy, risk management, cyber security, the Internet of Things and mobile applications. EEMA’s world class conferences provide the forum to network with digital enterprise experts, high level EC and other government experts. Meanwhile, its series of high level fireside briefings in Brussels and London provide the ideal forum for industry leaders to tackle controversial hot topics in an intimate, invitation only setting.

Through collaboration with EU & Global Partners (including the creation and coordination of the European Trust Foundation), EEMA has an established and growing network throughout Europe. This community provides the ideal platform to disseminate information and share expertise regarding the high-profile and significant EU projects EEMA is involved in.
